## Classic Driver Dealer of the Week: LMB Racing, Lagonda specialists from Belgium

### **Lead**

"If we have not got it, we are probably making it – please ask" says the sign on LMB Racing's workshop wall. In other words, if you are interested in buying or restoring a pre-War Lagonda, this is the firm to talk to.

The short video introduces the people behind what is recognised worldwide as one of THE experts on the famous British marque that won the Le Mans 24 Hours in 1935. As many will know, after his company's takeover by Rolls-Royce, W.O. Bentley left the amalgamated corporation and joined Lagonda in the mid-1930s. His finest achievement while at Lagonda was the superb 4.5-litre V12.

LMB Racing can also assist with other pre-War cars, and has experience with such marques as Bugatti, Bentley, Rolls-Royce, Delahaye, Invicta and Talbot. Other specialities include race preparation, spare parts, restoration, wheels and tyres and, of course, car sales.
