

# CLASSIC DRIVER

## [All is revealed in 'Nude', by Ralph Gibson](#)

### **Lead**

It's all gone totally topless at Classic Driver. There's the new Lamborghini Aventador roadster and this week's review of the Ferrari California 30, so why should the Classic Life team miss out?

With more than 300 pages, Ralph Gibson's latest book 'Nude' (published by Taschen) focuses on his most recent work on the female form. From the very beautiful to the slightly bizarre, it shows off the photographer's unmistakably artistic eye.

Ultimately, this special edition offers the reader an insight into a dreamlike world where the subject gets the full attention it deserves. As you leaf through the pages, you'll be treated to a visual feast of sensuous nude models in surreal poses.

Ralph Gibson sums it up: "A photographer once said that beauty in women is endless. Perhaps it was I who said it..." Needless to say, in this book, the artist proves his point fairly well.

There is a saying, "Do not judge a book by its cover" - but in this case, please do. What you see here is definitely what you get.
