

CLASSIC DRIVER

For the Ferrari Enthusiast

Lead

The accessories produced by the small automobilia boutique GTO London are largely inspired by classic Italian GTs of the '50s and '60s. It's the limited-edition 'Accensione' cufflinks, crafted from metal reclaimed from classic Ferraris, that caught the Classic Driver eye.

The design of the cufflinks is that of a typical ignition key and barrel from a 1960s V12 Ferrari. And they couldn't really be any more authentic, given that they are made from 'RFM' ('Real Ferrari Metal'). Also available in the RFM series is a pair of cufflinks which resemble the unmistakable carburettor trumpets of a Ferrari V12.

With its countless small shops and boutiques, London is an ideal venue for Christmas shopping: but where can you find the really special and unusual gifts? Classic Driver is out and about in the Capital, and will be suggesting a new gift idea every day.
