Dancing in Detroit: Martha helps build a Mustang

Martha and the Vandellas' catchy number 'Nowhere To Run' gets most people's toes tapping. Imagine the effect of Ms Reeves and the rest of her band dancing in and out of the Mustang production line at a mid-60s Ford plant. This video shows how it's done.

We like the bit with the sprayers working away with cellulose while the girls trip gaily past. Health and safety? No... but plenty of rhythm and blues.
