Description

Produced between 1975 and 1985, the 308 was the successor to the Dino and featured a 2.9 litre V8 mid mounted 240bhp engine. Regarded now as an iconic design by Pininfarina - the model is now being recognised as a future classic - and values are starting to rise accordingly.

This particular car is a UK supplied original right hand drive 'Carburettor car' that was first registered in August 1980. It has covered 73,000 miles which is confirmed by the enormous and comprehensive history file included with this Lot. Also present are books and the original handpack complete with original leather binder which confirm the provenance of this well maintained car that is finished, as all good examples of the marque, in Rosso Red with Nero upholstery.

Complete with 11 months MOT, it is the right specification to benefit as future values rise.
