Lot sold	USD 0 GBP 0 (listed)	Drive	LHD
Year of manufacture	1986	Condition	Used
Lot number	616	Location	
		Exterior colour	Other
		Car type	Other

Description

'C418 KHS' is an original right-hand drive 911 Targa 3.2 that was supplied new in the UK on the 1st February 1986 and has been well looked after by its five registered keepers. There are many stamps in the original service book and invoices in the history file that detail the thousands of pounds that have been spent maintaining this beautiful classic over the last 144,000 miles.

The vendor informs us that the car drives extremely well with no known faults. The gearbox changes are precise with no crunching of gears. The engine starts on the button with no smoke and settles down to a gentle purr within seconds. Bodywork is in fine condition with no evidence of panel damage. The panel gaps are true and the roof is in good condition with no leaks. Internally the trim is good with no tears to the seats or cracking on the dash.

Overall this is a lovely classic 911, well looked after and supplied with UK V5C and current MoT until June 2015, it is ready to be enjoyed by a new owner.

911 values have increased recently and one at this guide price must not be ignored.
