Delivered new to the United States, this fast and once chauffeur driven 600 is superbly presented in white with an extraordinary midnight blue leather interior. It is still fitted with its original equipment and contains some of the most desirable optional extras, including air conditioning with external temperature gauge and Becker Grand Prix radio/cassette unit. The car is in such impressive condition, that it is most likely that its total mileage of ca. 95,000 miles is genuine. The hydraulic equipment works, including the electric windows, the central locking, boot, self-levelling system and seats. The car is also fitted with the original extras to the rear, such as electric opening of the sun roof, air conditioning and for the radio unit.
