Registration Number: EGC 534H Chassis Number: 9110120217

One of the all time great sports cars, the Porsche 911 has become a legend on both road and track during an illustrious career spanning over three decades and is perhaps the most timeless design ever seen in motoring history. Over the years the monocoque 911 with its independent torsion bar front and trailing arm rear suspension, and superb air-cooled flat-six cylinder engine, grew in engine capacity and power, and its derivatives remain dominant in competition. Today as then the 911 is a powerful force in modern production based racing classes as it is in the historic classes of racing.

This historic rally car was manufactured in 1970 and has had extensive modifications in the last few years

carried out by Porsche specialists JAZ, including an engine rebuild from 911T spec (120hp) to 911S spec with 180hp
