Few would deny that Lamborghini's Countach is the quintessential supercar. It was built by a talented and passionate team of designers and engineers with the purpose of being the most extroverted and outrageous of cars available for the street. As a replacement for the fabulous Miura this was a tall order, but there can be no doubt that they succeeded. Incorporating much race car technology it was an automotive tour de force. With its back to front longitudinally mounted V12 engine and gearbox, independent double wishbone suspension all round and rigid space frame it was easily the fastest production car around, reaching a claimed 190 mph. Whilst Lamborghini are widely regarded with 'launching' the supercar phenomenon with the Miura of the 1960s, every enthusiast knows that the benchmark in super ca
