Description

Coys Auction - Techno Classica Essen

Essen

Germany

Saturday 10 April 2010

Admission by catalogue only - admits two.

Registration Number: EU Registered Chassis Number: 911 360 1364

One of the most famous Porsches ever built, the Carrera RS has come to be regarded as one of the top sports cars to emerge from the 1970s. It was designed with ambivalence very much in mind: Porsche's engineers wanted a car that could be successfully used on the race track and the road. Few people could ever argue that they did not succeed in their aim, for the RS is an eminently useable car just as at home trickling through traffic as it is ploughing down the overtaking lane of the autobahn; yet when competing at Le Mans, Daytona and in the Targa Florio it was almost invincible, often winning outright against pure racing prototypes.

The RS (for Rennsport) was based on the 911 model but used lightened bodywork and a revised 2.7 litre, fuel-injected version of the ubiquitous flat-six cylinder engine
