This delightful example is one of the rare models with the asymmetric air intake, directly feeding fresh air to the air filters. It comes from the hands of an enthusiast owner who campaigned the car successfully in many regularity events such as the Coppa d'Oro delle Dolomiti 2008 and the 2008 Piancavallo Revival where the car performed faultlessly. Hence described by the vendor as in good condition throughout and furnished with a FIVA passport, this attractive OSCA engined classic is certain to turn heads at every street corner.
