Description

Coys Auction - Automoto D'Epoca

Padova Fiera

Padova, Italy

Saturday 24th October 2009

Admission by catalogue only - admits two

Registration Number: EU registered Chassis Number: TP467717

Powered by the V6 engine from the Ford Cosworth which provides eager performance, we are informed by the vendor that it can also be fitted with a V8 engine, and the chassis has been certified to be strong enough for up to 1000 bhp. This very car was used as a demonstrator and was shown in many car shows from 1985 to 1991. It recently benefited from a comprehensive service and is presented, according to the vendor, as in excellent condition throughout. Not to be confused with the often seen lesser cars of this type. Supplied with German registration documents as well as a specification sheet.

Questo esemplare è spinto da un motore V6 della Ford Cosworth che garantisce una buona resa, ma il venditore ci informa che anche un motore V8 può essere montato e che il telaio è stato certificato esse
