Porsche requires no introduction as being one of the greatest manufacturers of sports cars, and over the years constant developments have occurred. In the early 1990s Porsche launched its latest model, the 993, which replaced the 964. The 993 kept hold of its Carrera roots with a lot of similarities in its design coming

through in both its styling and engineering. However, large improvements had been made not only to the engine but the overall styling and bodywork yet still holding onto the classic 911 lines. Improvements to the handling came from the widening of the rear wheel arches, which gave birth to its new found stability and cornering capabilities and
