### Description

Registration Number: RVP 249G Chassis Number: IR8987

One of the greatest post-war sports cars, Jaguar's E-Type made immediate headlines on its launch in March 1961. A direct descendent of the C and D-Type models that so dominated Fifties sports car racing, its 3.8 litre twin cam engine produced 265bhp and was mated to a Moss four-speed gearbox. Beneath the beautiful William Lyons/Malcolm Sayer-styled body, available in coupe or roadster form, the steel monocoque chassis sported all independent suspension mounted on detachable sub-frames using double coil springs, dampers and swing arms at the rear with torsion bars and wishbones at the front. Brakes were discs all round, mounted inboard at the back.

October 1964 saw the debut of the 4.2 litre model; apart from the capacity increase from 3,781cc to 4,235cc and improved torque but the same power, it boasted an new all-synchromesh gearbox, better brake servo and seats, an alternator and leather-faced rather than aluminium dash
