Designed in-house at MG with final styling by Farina, the new MG MGB was launched at the 1962 Earls Court Motor Show. Its appeal was instant, offering a huge increase in interior space while having overall dimensions less than those of the MGA. Capacity was enlarged from 1,622cc to 1,798cc. via twin SU carburettors. It developed a respectable 94bhp at 5,400rpm and 107lb ft at 3,500rpm which, allied to a four speed gearbox, allowed the handsome new MG to achieve 0-60mph in 11.4 seconds and a top speed of 105mph.

Universally acclaimed, the MGB was to become a symbol of the swinging Sixties. And as with all MGs, it was soon very active in competition. After an inauspicious two
