It was at the 1948 London Motor Show that Jaguar virtually threw the sports car world into turmoil

with its stunning XK120. Here was a car with incredible style and looks, a powerful six cylinder engine installed in an outstanding chassis and a remarkably low price - a quarter that of a V12 Ferrari with similar performance. The combination was unbeatable and without doubt the XK120 was an absolute milestone for both Jaguar and the motor industry as a whole. XK120 orders flooded in, ironic as it was designed as an interim model to publicise the XK engine for the new Mk VII saloon - Jaguar had only planned to produce around 200!

At the heart of the William Lyons styled road
