Early bay door buses have become hot property these days, especially Deluxe models as good as this Bus featured here. When you hear the term 'Early Bay' it essentially refers to any Bay Window Bus built prior to August of 1971. Bays of this vintage came with much more rounded features such as curvaceous bumpers and low-level, radiused indicators on the front panel and oval-shaped rear light clusters on the tail end. The fresh air intake on the front panel is unique to the early Bay too, for it has rounded corners that blend with the slightly plump look of the second generation of the Volkswagen Transporter.

Adding to the list of early cool is the large VW front badge akin to that of the Split Screen model. Also lending charm are body panels such as the front and rear w
