
The Road to Morocco

29 October 2012 | Steve Wakefield

Classic Driver has been on the road. Well, in actual fact, on a road, up the Atlas Mountains and along a riverbed...

The occasion was the launch of the new Range Rover in Marrakech, so we thought we'd tell you about it right away, and include some other stories with a North African beat. So, welcome to the first Classic Driver 'The Road to...' special.
