Welcome the 'Rote Sau' into your living room

18 September 2014 | Joe Breeze

The interestingly named online art store World Shut Your Mouth is currently offering a limited-edition print of one of the world's most famous racing machines: the Rote Sau (or 'Red Pig') that became famous during the formative years of AMG...

For the uninitiated, 'Rote Sau' was the affectionate nickname given to AMG's striking Mercedes-Benz 300 SEL 6.3 racing car that kicked up dirt long before the company's associations with the marque became official. The numbered and signed 24" x 18" print is silkscreened onto high-quality French Paper - but don't delay, as only 50 prints will be produced.
