This very sound Dyna Junior was bought in 2009 and has received significant mechanical work at Paris Ter Auto, at Nanterre: engine repair (replacement of the crankshaft, the connecting rods, the pistons, the valves, the oil pump...), overhaul of the transmission (synchros, fork of first, second and reverse, rings...) and the clutch, and the replacement of the shock absorbers. An invoice of more than ?12,000 comes with the folder, as well as pictures of the restoration of the bodywork. Red in color, very sound, complete with wheel caps and accessories, the car is in nice condition with its brown faux upholstery and black hood. The counter displays 67,395 km, it comes equipped with a luggage rack, Robri wings and additional headlamps. It has been regularly maintained (details available) and participated in 2009 in the Rallye des Princesses, driven by Luana Belmondo. Echoing the spirit of cycle-cars, the Junior offers the pleasure of an open top motoring and enjoyable performance thanks to its light weight and brilliant engine. Today a car like this is rare for enthusiasts to find and enjoy.
