
Cinerama: The Story of the Hypercar

12 October 2014 | Jan Baedeker

Beyond speed alone, what fascinates us so much about the likes of the LaFerrari, McLaren P1, Porsche 918, Pagani Huayra and Koenigsegg One:1? The makers of the forthcoming feature-length documentary 'Apex: The Story of the Hypercar' track the path of this relatively recent phenomenon...

The short film – which includes insights from Horacio Pagani and Christian von Koenigsegg – will be previewed in 30-minute form at the Jalopnik Film Festival in New York on 6 November 2014, ahead of a full release in 2015.
