Description

This "vitamin C" colored Road Runner is fresh and ready to excite. Equipped with all the best like high back bucket seats and the coveted 440 Six Pack this is the cream of the crop. The paint is smooth and has the correct graphics in place. The interior is in factory configuration and features the "pistol grip" shifter for the four-speed transmission. The crown jewel of this machine is the 440 Six Pack that is fitted with the desirable Edelbrock intake, and that monster under the hood is tuned ready to pounce on the first pony car to wander by. This rolling attitude problem needs a home that doesn't value the finer things in life but rather the faster things!
