## [A rare look beneath the skin of a Ferrari 330 P4](#)

### Lead

Is there a higher form of automotive art than a sectional drawing? We think not – and could easily spend an hour or two poring over the technical details shown in this illustration of the legendary Ferrari 330 P4...

The [signed and numbered lithograph](#), one of 150 drawn up by J.J. Francois, is to go under the hammer during the [automobilia section of Artcurial's 2 Nov 'Sur Les Champs 7' sale in Paris](#). It carries a manageable estimate of between 150 and 250 euros.
