

CLASSIC DRIVER

[This Porsche 911 is a 'Gentleman Driver' with history](#)

Lead

This yellow Porsche 911 2.4 T has an interesting history: in 1972, it was bought by an American Army officer in Stuttgart, who drove it during his eight or nine years in Germany before taking it home to the US. Now, the classic has arrived back in its homeland.

The Porsche 911 2.4 T was never restored and consequently has a marvellous patina. It's now for sale in the Classic Driver Market [from Portuguese dealers Cool & Vintage](#).
