[Batmobile returns: 3.0 CSL Hommage set for Villa d'Este](#)

Lead

At the 2015 Concorso d'Eleganza Villa d'Este, BMW will once again use the idyllic backdrop of Lake Como to reveal its latest concept car. This time around it's a 'Hommage' to the 1970s cult icon, the 3.0 CSL...

In recent years, both the [M1 supercar](#) and the [pre-War 328](#) have received the 'Hommage' treatment, which sees celebrated designs reinterpreted with no ultimate intention of production (although the [i8](#) did inherit many of the reloaded M1's design cues). BMW can now tick the '[Batmobile](#)' [3.0 CSL](#) off its list of eligible legends to be reworked – or, at least, it'll be able to once the covers have been lifted at Lake Como. For now, we've just been given this teaser image, which shows impossibly wide arches transforming into a prominent rear wing, of which there will be two. Of course, the other will be roof-mounted in tribute to its forefather, and will apparently be joined by 'striking air deflectors'. Let's hope they don't have to sneak them into Italy in the boot...
