[10 investment classics from the Land of the Rising Sun](#)

Lead

It's no secret that as the years tick by, more and more cars become 'classics'. If you're looking for something usable and different, the Japanese have been making stylish, reliable cars for decades. Here are our top ten favourites currently for sale in the Classic Driver Market...

Whether you're a 240Z, Fairlady Roadster or Toyota Land Cruiser sort of person, the Classic Driver Market contains a wide range of classic Japanese vehicles, all boasting the kind of pedigrees that, had they been built in Europe, would almost certainly be worth considerably more. So, if you're in the market for an alternative classic, don't forget to look to the East - in the Classic Driver Market.
