
Road and race cars galore at Bonhams' Goodwood Revival sale

10 September 2015 | Alex Easthope

Situated 'Over the Road' from the historic circuit, Bonhams will be hoping that its Goodwood Revival Sale on Saturday proves just as frenzied as the action on the track...

From Bonhams' Goodwood Revival sale, we've already taken a look at the [planes](#), an [assortment of collectables](#), the [Chris Evans collection](#), and 'Blue Lena', the Stones' Bentley S3 Continental Flying Spur from their notorious drug-fuelled trip to Morocco. So what of the rest of the bumper catalogue?

For the racetrack...

We'd love to see the [Porsche 908/3 Turbo](#) (est. £2.2-2.5m) restored to its original 1970 Targa Florio specification, though its current guise would also secure entry into a host of historic events including the Le Mans Classic. An entirely different vintage, the [Aston Martin Ulster 2/4-Seater Tourer](#) is another eligible - and rather handsome - historic racer, estimated at a healthy £700,000-900,000.

For the road...

The three Scarab racers would make for an interesting collection and, naturally, we'd take the matching [Fiat-Bartoletti transporter](#) (£575,000-750,000) on which to transport them. Road-car wise, we love the yellow [Ferrari 512BB](#) estimated at £200,000-250,000 (though its high-speed history might put some off), and the funky [Fiat 600 Multipla](#) (£8,000-12,000), the ideal car to ferry the family to next year's Goodwood Revival.
