The rapid tailor of Lisbon and his Ferrari 328 GTS

Lead

As a tailor in a style-conscious city such as Lisbon, one has no time to lose. A quick car in which to reach your customers is therefore essential, as this video from Cool & Vintage illustrates...

It appears the tailor from Portuguese Classic Driver dealer [Cool & Vintage's](#) video isn't just concerned with his clothes, boasting an equally sharp beard and haircut as well. Anyone inspired – not only by the beard and the outfit, but by the [Ferrari 328 GTS](#) – is in luck: the elegant and rare turbocharged targa is for sale, priced at 99,000 euros. It would surely raise the productivity of even the swiftest of tailors.
