Ricardo 6-Speed Manual Transaxle

Brembo FourWheel Hydraulic ABS Disk Brakes

Mileage: 6,073

- Like-New Condition 6,073 Miles
- Desirable US Racing Colors
- Shelby-Developed Supercar Performance

The Model: The legendary LeMans-winning GT40 program found its success when Ford brought in

Carroll Shelby to turn the program around. Shelby's development ultimately led to four LeMans victories for the famed GT40. When Ford revealed the Ford GT40 Concept in 2002 as part of its upcoming centennial celebration the overwhelming enthusiast demand for production led to Ford moving quietly forward with secret development of a production car. Ford once again brought in Carroll Shelby to help with the project known under the code name, Petunia. The production Ford GT that emerged is a fully modern mid-engine supercar that does not disappoint in any performance category.

The Car: This immaculate Ford GT has seen only careful limited usage since its delivery. Resplendent in blue racing stripes over white, this car is one of only 725 delivered in the US national racing colors. This example is a two-owner car that has seen only careful limited use. The build specifications included all available options. All records and manuals from delivery are included. This GT includes the original set of stock wheels in addition to the mint condition threepiece colormatched wheels shown on the car. This is an exceptional opportunity to enjoy a perfect car that delivers uncompromised street legal performance with space and refinement unheard of in the raceborn original.
