Engine: 4.2 Liter Mid-Mounted Audi V8

Fuel Injected / 400 bhp

6-Speed Getrag Manual Gearbox

AP Racing ABS Four Wheel Disk Brakes

Mileage: 726 Actual Miles

- Less Than 300 Modern Spykers Produced
- Unique Aero-Inspired Detailing
- Exceptional As New Condition

The Model: Aeronautical influences have heralded Spyker styling since the 1914 merger with the Dutch Aircraft Factory. Spyker ownership remains an exclusive club with less than 300 cars produced since Spyker's resurgence in 2000. The second generation C8 Aileron is an all-aluminum, handbuilt, mid-engined car, featured electrically operated tilting doors. The aero detailing of Spyker interiors is legendary right down to the signature exposed chrome gearshift that bisects the cockpit. The 4.2L V8 engine delivers 400 horsepower and 354 foot pounds of torque to propel the C8 Spyder to 187 mph. Lotus-tuned suspension and AP Racing six-piston disk brakes balance out the power to ensure staggering performance by any measure. The brilliant execution of the C8 Aileron delivers on Spyker's motto, "For the tenacious, no road is impassable."

The Car: This Spyker C8 is number 219 out of only 290 constructed with only 725 miles on this rare Dutch masterpiece. The exterior is presented as new in original Midnight Blue Metallic. The cockpit is just as breathtaking from the optional engine-turned dash to the full leather interior by Dutch Royal Tanneries focused around the signature Spyker gear shift. The premium Kharma sound system integrates an iPod connection. The 400 bhp Audi V8 can propel the mere 2800 pounds of carbon fiber, aluminum and stainless steel at a blistering pace. This late-production car benefits from Spyker's beautiful second generation 19inch Aeroblade wheels. A very rare opportunity to secure a piece of immaculate automotive art.
