Description

- Matching Numbers
- One Of 1,110 Built
- 4-wheel Disc Brakes
- All-aluminum Body
- Approx 4,000 Miles Since Restoration
- Ground-up Restoration By Simon Rodd In 1991
- Numerous, First-In-Class Concours Trophies

Considered by many to be the purest form of the Aston Martin DB4 range, the Series One has the distinctive egg-crate grille, larger front bonnet scoop, and straight, cathedral tail-lights which were all part of the original Touring of Milan design. The all-aluminum body sheathing a very potent twin-overhead-cam powerhouse and newly-designed 4-wheel disc brakes, made for a quite subtle, but

highly capable package.
