
Snapshot, 2015: A Porsche in paradise

01 November 2015 | Alex Easthope

Clearly the notoriously rear-biased handling on early Porsche 911s hasn't deterred this young lady, as she prepares to continue her journey along the sunny coastline...

Judging by [our recent story](#) featuring Vincent Perraud's fabulous photos of a French road-rally the photographer has an affinity for old Porsche 911s. This gorgeous photograph perfectly showcases the profile of 'Butzi' Porsche's 911 in its most pure form, as it was originally intended, chromework sparkling in the sunshine. We think this young lady's got the right idea - we can't think of a better choice of car for a spirited summer jaunt along the coast. We hope it's got a sunroof...
