Two-wheeled temptation at Bonhams' December Sale

Lead
This beautiful Ariel Arrow Super Sports is among a selection of interesting motorcycles being offered by Bonhams at its December Sale on 10 December...

Not just cars...

In addition to the 85-odd collectors' cars set to go under the hammer at [The December Sale](#), there is also a broad selection of automobilia and motorcycles, the latter of which includes some interesting models with attractive estimates. Take the [1964 Ariel Arrow Super Sports](#) (est. £5,000-6,000), for example, with its distinctive gold colour scheme, or the ultra-cool [1975 Ossa MAR trials bike](#) (£2,000-2,500), so named after the famous trials rider Mick Andrews, who won the 1971 and 1972 European Trials Championships astride a similar bike.
