04 January 2016 | Alex Easthope

*One lap, 20 cars, 62 years – this short film puts you in the driver’s seat of Porsche’s greatest racing cars for one quick lap of Laguna Seca...*

### Point of view

Shot during [Rennsport Reunion V](#) at Laguna Seca last autumn, this short film collates footage from the cockpits of 20 different Porsche racing cars spanning 62 years, from the earliest four-cylinder cars to the latest, Le Mans-winning 919 Hybrid. There can be few more enjoyable ways to view the evolution of Porsche’s illustrious racing cars. How many models can you correctly identify?
