Few vehicles supply such iconic style and plush comfort as the Rolls Royce Silver Spur. Recognized the world over for high quality British motoring elegance, it is with good reason these cars have their place in prestigious international collections.

This pampered and impressive motorcar has about a third of the miles of other Rolls Royces of this age. Under the hood is a 6.75-liter V-8 engine connected to a three-speed automatic transmission. Its eye-catching combination of silver top and rich blue bottom is in stunning condition, with very little of the patina of age, and the textured vinyl top is in excellent condition. The warm blue interior is also like new, with iconic Rolls Royce piping and navy blue sheepskin mats. The rear seats include the classic burr walnut veneer pull-down trays and supple lambs wool footrests. Luxury conveniences include power steering, brakes and windows; a radio, and air conditioning.
