## Description

---

To be OFFERED AT AUCTION at Auctions America's Fort Lauderdale event, April 1-3, 2016.

Chassis No.

7R02C141658

Estimate:

\$ 50,000 - \$ 60,000 US

Ford called their 1967 Ford Mustang 2+2 Fastback the "sleek, smooth sweetheart." Along with being sporty and stylish, the optional Sport Deck folding rear seats made the cargo area nearly six-feet in length and added a great deal of practicality that enticed many buyers. The 1967 version of Ford's modern classic was viewed as adding excitement with subtle refinements to the original design. This was achieved without taking away the flair and flavor that was unmistakably Mustang.

The silver with black interior restomod 1967 Ford Mustang Fastback being offered is powered by a 289-cid V-8 engine with Concept One fuel injection that is matched up with a three-speed C4 automatic transmission; this is backed by a nine-inch rear end. The engine displays aluminum pulleys and a serpentine belt at the front end and the radiator is also fabricated from aluminum. It has been built in a professional show quality manner and has been updated for an enhanced driving and comfort-inducing experience. Air conditioning, power front disc brakes, Digital gauges and American Racing wheels are welcome additions. The car is beautifully finished with high-quality base and clear

coat finishes.
