Description

To be OFFERED AT AUCTION at Auctions America's Fort Lauderdale event, April 1-3, 2016.

Chassis No.
RBT10003560214999

Estimate:
\$160,000 - \$190,000 US

Recently imported into the United States after time in a private European collection; this Duesenberg replica is reported to display "very few miles" on the odometer and proves to be in excellent condition.

Expertly re-created in the style of the popular and desirable La Grande Dual Cowl design; this Duesenberg is built on a customized 1988 Ford F-250 commercial truck frame that has a 153.5-inch wheelbase like the original long wheelbase cars and is over 18-feet in length.

It is powered by a GM 5.7-liter V-8 engine that is paired with an automatic transmission. Features include dual windshields, dual sidemounts, driving lights, cowllights, faux external exhausts, dual taillights, trunk, true 18-inch knock-off wire wheels, six whitewall tires, plus a full convertible top and side curtains.

The roomy Duesenberg replica has a two-tone paint presentation and the chrome is in wonderful condition. This nicely turned out Duesenberg Dual Cowl Phaeton replica is ready to be enjoyed by a new custodian. 1931 Duesenberg Model SJ Dual Cowl Phaeton Replica
