Blue is the colour for Leica's latest limited-edition M-P camera

31 March 2016 | Alex Easthope

Leica has revealed a blue and grey version of its classic M-P body, to be built in a limited run of just 50 units...

Said to be inspired by a model from the 1960s, the 'Blue-Hued M-P' is exclusive to the Leica boutique in Frankfurt, and comes equipped with a Summilux 50mm f/1.4 lens and a handmade Oberwerth leather bag. It might just be a change in colour but, coupled with the camera's ultra-limited production run, this Leica is a seriously tempting proposition – if you can get hold of one, that is.
