
Two Bugatti Carburetors Type 59 & 59-50

Lot sold

USD 4 500 - 10 000

Location

Bedford Hills, 09 April

Description

Description

Two Zenith downdraft alcohol carburetors, one 50 INXR #612 and one 50 INX-5 #2338 (ex Type 59 3.3 or Type 59-50 B). These carburetors were originally used on Bugatti Type 59 GP cars burning a mix of alcohol, acetone and benzene, and were pulled from Molsheim in 1960/61. They can be used to burn alcohol or can be have new jets installed to burn gasoline.
