**BMW 2002 Automatic of 1975 This beautiful vintage car is in a sublime State. This model was built from 1968 to 1975. The car had and has a very sporty look. With its low weight (940 kg) combined with the spicy 2 litre engine with 100 HP, the car is still very fast. The data is particularly increasing comfort and gives the car a lot of suppleness. This BMW is from new up to the year 2000 of 1 German owner. In 2000 to Netherlands and Netherlands both in Germany as always dealer maintained. The car has a demonstrable mileage of 158,000 km. Engineering and bodywork are in very good condition. Three years ago, the car professionally repainted in the original BMW-color Chamonix, a charming appearance. The original books in the car, as well as various accounts, a recent valuation report and earlier prizes won. See pictures. The Interior is in neat State and the auto exhibits very slight traces of use. Front seats, rear seat, side panels and sky are flawless. No rust or other woes. The optional, original aluminium BMW rims (5 pieces) are like new and fitted with new Michelin tyres. A rare beautiful and very cool BMW with automatic transmission and electrically operated sliding roof, which still will go for very many years driving pleasure. The car is by his age of 41 years of course exempt from road tax and the technical inspection (APK) is valid to may 2018. For

sales abroad will be included the export document. Ideal for the drive from historical rallies, but certainly interesting as an investment for the future, given the increase in the value of this type of BMW. The first recommendation should be the car before bidding. The car can be seen (also on the bridge) in Valkenswaard, Netherlands. **[Click here to visit the auction](https://auction.catawiki.com/kavels/8226441-bmw-2002-1975?utm_source=ClassicDriver&utm_medium=coop&utm_campaign=Classic Cars-UK)**
