[A Lamborghini Miura in the snow is the best thing you'll see all week](#)

Lead

As dream combinations go, a Lamborghini Miura, scenic Italian roads and mercifully warm espresso is up there with the best. Watch as this Raging Bull enthusiast hunts down his morning caffeine hit with one of the sexiest cars ever made...

Double shot

The Lamborghini Miura is responsible for triggering my lifelong obsession with classic cars. I followed every example offered in an auction, every Instagram account that posted photos of the mid-engined beauty and, I'm not embarrassed to say, every one I spotted out in the wild. As you'd expect, I've also watched what feels like hundreds of videos about the Miura, none of which come as close to expressing the God-like power and unadulterated majesty of the original supercar as this one. It beautifully captures the essence of the Miura, capturing the first SV model built howling through the Italian countryside.
