## [10 affordable collector cars from Historics at Brooklands' March sale](#)

### Lead

Finding a reasonably priced desirable classic or modern classic has never been easy. Fortunately, Historics at Brooklands has put together a fine selection for its March sale...

For those with the pleasant task of purchasing a new toy, Historics' sale on 4 March has something for everyone. Our interest was piqued by the selection of Mercedes-Benzes on offer, with two 'sleepers' making our shortlist: a pillarless-powerhouse [2001 CL600](#), the sweeping lines of which hide a 367bhp, six-litre V12 (price on request), and a V8 wunder-wagon [1998 C43 AMG Estate](#) (estimate £6,000-10,000) — both are being sold with no reserve. The often overlooked Lancia Flavia also caught our eye, with the gorgeous [dark blue-over-oxblood-red, right-hand-drive example](#) from 1963 looking particularly tempting at an estimated £10,000-15,000. You can [browse the entire catalogue](#) in the Classic Driver Market.
