- **Condition** Original condition
- **Location** 
- **Fuel type** Petrol
- **Exterior colour** Green
- **Car type** Coupé
- **Interior brand colour** Magnolia
- **Electric windows** Yes
- **Climate control** Yes

Description

The Virage is a large, heavy car in spite of its all-aluminium body, but the 32-valve 5.3 L (5,340 cc) V8 engine elevated its performance to near super car levels. Nothing sounds quite like an Aston V8, the Virage was launched at the 1988 Birmingham Motor Show.

This car is chassis number 50007 the company press car and one of the rare manual transmissions. The car was sold on and shipped to the US where it was looked after until returned back to the UK in 2016.

With ONLY 15,000 miles and in total original condition the car is still in fine order. Featured in a number of car magazines and photographed extensively at the time, it is a very significant motor car in the Aston Martin world.
