### Made for drivers by drivers

Whether on a quick 24-hour tour or a week-long rally, The Outlierman has a wide range of luggage to support all your needs, from the weekender garment bag to the travel trolley bag and even a travel tie case. Each piece is handmade in Italy, utilising the finest leather and Fuji silk, and their automotive inspiration is more than apparent, with vibrant colours to match your car’s paint or interior and linings printed with vintage car designs. The only thing left to do is fill the bags with comfortable yet rally-appropriate attire, and The Outlierman has you covered again — with ties, driving gloves, pocket squares, and braces, you can look as good as you feel behind the wheel of your favourite classic.
