## Duck-tales of motorsport history's most evocative machines

### Lead

A fresh take on automotive-inspired sculpture, these Ducket Supreme pieces mix historic racing liveries of the past with a pop-art aesthetic unlike anything we've ever seen...

### Get the bill

The instantly recognisable rubber duck profile may seem at odds with the liveries that once covered fearsome, fire-breathing racers of yesteryear, but the lines of the friendly figurines are an ideal showcase for the perfectly chosen colourways of Martini, Gulf Oil, Texaco, and John Player Special, among others. Each sculpture is hand-lacquered, hand-painted, and hand-polished in Spain and can be custom ordered with your livery of choice — we'll take ours in Ecurie Ecosse colours, please...
