What better way to start off the summer than with a new car? At the Aguttes Vente d'Été sale, there are plenty of perfect choices for the sunnier climes ahead, from hot hatch heroes to first-class Prancing Horses...

From the wide variety of vehicles on offer, the [1992 Mercedes Benz E500](#) (est. 20,000-30,000 euros) immediately grabbed our attention, thanks to its subtle silver paintwork and thunderous V8 heart, as well as the [1970 Alpine A110 1600 S](#), with its considerable period competition history (est. 100,000-130,000 euros). There's undoubtedly a lot on offer for hot hatch fans, with the fully restored [1980 Volkswagen Golf GTi](#) (est. 12,000-18,000 euros) looking especially tempting, but whatever your passion, there will be something for everyone on 10 June. Our top 10 choices are below, and you can also [browse the entire catalogue in the Classic Driver Market](#).
