If variety is indeed the spice of life, then Ardor Auctions' Summer Sale is sure to add some heat to your summer. From powerful Prancing Horses to British beauties, and even some two-wheeled temptations, this auction house may be new to Classic Driver, but its listings are certainly classic...

First to catch our eye was the menacing black [1992 Maserati Shamal](#) (estimate 71,500–83,500 euros), a lesser known work from the great automotive sculptor Marcello Gandini, complete with the gorgeous early Countach-style rear-wheel arch treatment and twin-turbocharged V8. Other notable mentions include the curvy [1970 Volvo P1800E](#) in eye-popping yellow (est. 23,800–33,500 euros), a rare Italian pocket rocket [1979 Autobianchi A112 Abarth](#) (est. 8,300–10,700 euros), and, of course, the stunning sky blue [1968 Jaguar E-type Coupé](#) (est. 83,500–95,500 euros). Our top 10 choices are below, but you can [browse the entire auction catalogue](#) in the Classic Driver Market.
