### Description

- Restored in 2004 and mostly in storage since
- Refreshed in 2017 and offered with MoT to February 2018
- Good history file, hood cover, aluminium petrol tank

This example of a desirable home market 150bhp TR6 is finished in deep blue with black seats and carpet complimented by a blue hood and hood cover. Restored around 2004, the car has seen little use since and was treated to a refresh and respray earlier this year. In 1983 it received a factory fitted overdrive gearbox whilst in 1994 the engine was balanced and an aluminium petrol tank and new metering unit installed. A recent hood has also been fitted. Numerous receipts for works carried

out are contained in the accompanying history file together with photographs of the restoration.  
Ready for the Summer, it is offered with Swansea V5C and current MoT expiring 14 February 2018.
