Description

Hummer was a brand of trucks and SUVs, first marketed in 1992 when AM General began selling a civilian version of the M998 Humvee. In 1998, General Motors purchased the brand name and marketed three vehicles: the original Hummer H1, based on the military Humvee, as well as the H2 and H3 models that were based on smaller, civilian-market GM platforms.

Finished in black with a black leather interior 'H2 HVE' was first registered in the UK in 2005 and was acquired by the current keeper in 2008. The high specification includes aftermarket 24" alloy wheels with new tyres, 2006 spec interior with heated and electric seats and rear 6th seat option. The vendor currently classes the bodywork, paintwork, interior trim, engine and gearbox as 'very good' and it is offered with an MOT certificate into May 2018. A rare sight on UK roads.
