## 10 stylish sports watches from the 1970s

26 August 2017 | James Bannister

*Why follow the crowd with a run-of-the-mill timepiece from the usual suspects when there is an expansive range of sporty alternatives from the most flamboyant of time periods — the Seventies...*

With their oddly shaped cases, intricate dials, and interesting colour combinations, these choices from big hitters and lesser-known watchmakers will have everyone talking. As their unique design language continues to mature, snapping any of these timepieces up now is sure to put you ahead of the curve...

## 10 stylish 1970s watches from the Classic Driver Market
